The College of Medical Radiation and Imaging Technologists of Ontario (CMRITO) welcomes your application for registration as a medical radiation and imaging technologist in the specialty of radiography, nuclear medicine, radiation therapy, magnetic resonance or diagnostic medical sonography.

You must hold a certificate of registration with the CMRITO in your specialty of medical radiation and imaging technology to be legally authorized to practise in your specialty in Ontario.

If you have worked as a medical radiation and imaging technologist within the past five years and you have completed a program in medical radiation and imaging technology in Canada and successfully completed the CAMRT (or OTIMROEPMQ) or Sonography Canada examination(s), you may be eligible to be registered with the CMRITO.

In order to be eligible for a certificate of registration, you must meet the requirements for registration, set out in the [registration regulation](#) made under the *Medical Radiation and Imaging Technology Act, 2017* (MRIT Act).

The scope of practice of medical radiation and imaging technology, as defined under the MRIT Act, is the use of ionizing radiation, electromagnetism, soundwaves and other prescribed forms of energy for the purposes of diagnostic and therapeutic procedures, the evaluation of images and data relating to the procedures and the assessment of an individual before, during and after the procedures.

Practice includes not only the delivery of clinical services, but also the functions of education, management, research and administration.

Further information about the application and registration process, and the forms that your supervisor and employer will need to complete, can be found in this application guide.

Who can apply

Any individual, who has completed an educational program in medical radiation and imaging technology in one or more of the specialties of radiography, nuclear medicine, radiation therapy, magnetic resonance or diagnostic medical sonography within the last five years, or who has practised the profession within the last five years, and wishes to practise as a medical radiation and imaging technologist in Ontario can apply for registration with CMRITO.

This application is for those individuals who:

- have successfully completed an educational program in medical radiation and imaging technology in Canada in the last five years and have not yet practised in the profession; or
- are currently practising in a specialty that is not regulated in a regulated province in Canada; or

- are currently practising in an unregulated province; or
- were practising in a regulated jurisdiction in Canada but are not currently registered with the out-of-province regulatory authority in that province.

This application process applies to you if:

- you are practising in one of the specialties listed in the provinces in the table below
- you completed an accredited educational program in Canada

Current province of practice or province of training	Specialties
Alberta	Diagnostic medical sonography
British Columbia	Radiography Nuclear medicine Radiation therapy Magnetic resonance Diagnostic medical sonography
Manitoba	Radiography Nuclear medicine Radiation therapy Magnetic resonance Diagnostic medical sonography
Newfoundland and Labrador	Radiography Nuclear medicine Radiation therapy Magnetic resonance Diagnostic medical sonography
New Brunswick	Diagnostic medical sonography
Quebec	Radiography Magnetic resonance
Prince Edward Island	Diagnostic medical sonography
Saskatchewan	Diagnostic medical sonography
Yukon, Northwest Territories, Nunavut	Radiography Nuclear medicine Radiation therapy Magnetic resonance Diagnostic medical sonography

Steps and timelines in the application and registration process

The first step is to create an online profile in the CMRITO member and applicant portal (MAP), gather the documents you need to support your online application, and complete and submit your application. CMRITO will communicate with you by email.

Below is an overview of the steps in the process:

Step	Activity
1	Review the information about the application process and documents you are required to provide.
2	Create your online profile by starting your online application and completing the 'About Me' section of the application in the CMRITO application portal. You can return at a later time to complete the rest of your application.
3	Complete the CMRITO Legislation Learning Package (jurisprudence course) - access will be available 24 hours after you start your application.
4	Complete your application, upload all the required documents, pay the application fee and submit your application to CMRITO for assessment.
5	CMRITO will review your application and will notify you whether your application is accepted or refused. If accepted, CMRITO will advise you about any further registration requirements including the amount of the registration fee.
6	Complete any remaining requirements to register including payment of the registration fee.
7	CMRITO registers you. You will receive confirmation that you have been registered. Your name and information will be posted on the public register.
8	Inform your employer that you are legally authorized to practise the profession. Start using the protected title "Medical Radiation and Imaging Technologist" and the term or abbreviation appropriate to your specialty and review your accountabilities as a regulated professional.

For your application to be complete, you are required to complete all steps in the online application process, provide all the required documentation and pay the application fee of \$113.00 (\$100.00 fee and \$13.00 HST) by Visa, Mastercard or Interac (select financial institutions only) through the secure MAP.

CMRITO is not able to start the review process on incomplete applications. If you do not have all the required documents when you start your application online, you may begin the application process and return to complete it at a later time. All draft applications will expire five years from the date they were started. Your application will not be processed until all the information is complete and you have paid the application fee.

Registration requirements

The registration requirements are set out in the registration regulation made under the MRIT Act and can be found [here](#). The online application process prompts you to provide all the documents required to demonstrate that you meet the requirements for registration. When you have submitted your complete application, CMRITO will review it and determine whether or not you meet all the requirements for registration as set out in the registration regulation. You can expect the review process to take between one to seven business days.

If you do not meet all the requirements for registration your application will be reviewed by the Registration Committee of the CMRITO, in this case it may take between three to four months to process your application.

Required documents

You will be prompted to upload the documents listed below:

- Proof of successful completion of an educational program in a specialty of medical radiation and imaging technology which is considered equivalent to a program approved by the CMRITO Council (accredited programs) – **Required**
- Proof of successful completion of an examination approved by the CMRITO Council (CAMRT national certification examination or the examination of the Ordre des technologes en imagerie médicale, en radio-oncologie et en électrophysiologie médicale du Québec (OTIMROEPMQ) or the examination(s) of Sonography Canada) – **Required**
- Evidence of employment as a medical radiation and imaging technologist within the past five years – **Required if you have been employed within the scope of practice of medical radiation and imaging technology**
- Proof of name, date of birth, and citizenship can be provided using one of the following documents: your Canadian birth certificate, proof of Canadian citizenship, certificate of landing or permanent resident card, work permit or valid Canadian passport – **Required**
- Name change: if the name on any of your documents is different from your current name, you must provide proof of a name change – **Required if applicable**

You are not required to submit the original documents to the CMRITO. The CMRITO will contact you if original documents are required for authentication and verification.

Fees

There are two fees for this process – the application fee and the registration fee.

The application fee is a one-time fee of \$113.00 (\$100.00 fee, \$13.00 HST) and is paid at the time you submit your application.

The registration fee is the final step to become registered, if your application meets all the requirements set out in the registration regulation. It is an annual fee of \$531.10 (\$470.00 fee,

\$61.10 HST). The annual registration fee is due on a member's birthday each year. Members who are registered in more than one specialty pay only one annual fee.

When you first become registered, the registration fee is prorated from the month you become registered to your birthday. For example, if your birthday is in April and you become registered in November 2020, you would pay \$221.29 (\$195.83 fee, \$25.46 HST) for the six-month period November 2020 – April 2021, and then the annual fee in April 2021, for the period to April 2022. You can use the [fee calculator tool](#) on the website to find your registration fee.

The fees are set by the CMRITO Council in the CMRITO by-laws and are non-refundable.

Member & Applicant Portal (MAP)

To start your online application, you must create an account in the Member and Applicant portal by clicking on the “Start MAP Sign In” button at this [link](#).

It is recommended that you use a computer, with a scanner, to complete your online application rather than a mobile device. It is also recommended that you use Google Chrome as your browser when completing your online application.

You will be prompted to do the following:

- enter your email address and create a password
- review and accept the Terms and Conditions of use of the site
- set up your online profile
 - enter your legal name and date of birth
 - enter your address and phone number
- select the “Apply for Registration” option

When you have created your profile, you will be able to return to it, and your application, using the “Sign In” button.

- from the four options on the screen select the one for an applicant **“who has successfully completed an accredited program in a province in Canada other than Ontario and is not currently working”** or **“who is currently working as a medical radiation and imaging technologist in a province in Canada other than Ontario”** depending on your circumstances
- you will be required to select your province and confirm your specialty is not one of the regulated specialties to be directed to the correct application form – Canadian Non-Labour Mobility
- select your specialty (radiography, nuclear medicine, radiation therapy, magnetic resonance or diagnostic medical sonography)
- click the “Apply for Registration” button

Navigation through the application

- the steps are listed and visible in the navigation menu on the left-hand side of the page
- click on each step and review and complete the appropriate information
- you can move between steps in the process
- clicking the “Next” button on the bottom of each page will save your responses and move you to the next step
- check marks indicate that you have completed a step
- you are able to edit the information on the pages until you submit your application
- you may start the process, leave and return at a later time(s) to complete the application
- when you return to update further information you will access your application form by signing into the online service and accessing the “**Applications**” tab
- you must complete all the steps and submit the application before paying your application fee
- you must complete the entire application and pay the application fee before CMRITO is able to review your application.

About Me

The “About Me” page will be populated with the information that you entered when you created your online profile.

You must use your legal name for your application and registration with the CMRITO.

Using a name, other than the name as set out in the register of the CMRITO while providing or offering to provide services within the scope of practice of the profession, is an act of professional misconduct under the CMRITO professional misconduct regulation. If you use a variation of your name or wish to use a different given name in practice, you must request a change to your name in the next section.

Review the information to verify its accuracy, make any necessary changes and click the “Next” button to save the information and move to the next step.

Proof of name, date of birth, and citizenship

The CMRITO registration regulation requires that an applicant be a Canadian citizen, OR a permanent resident, OR authorized under the *Immigration and Refugee Protection Act* (Canada), to engage in the practice of the profession.

You must scan and upload a copy of your birth certificate if you were born in Canada, or proof of your Canadian citizenship, or valid Canadian passport photo page, or certificate of landing or permanent resident card, or work permit in the space provided on the page. The CMRITO will use this documentation as evidence of your legal name and date of birth.

If any of the documents you have provided in the other sections are in a different name, you must complete, scan and upload your [proof of a name change](#).

If you wish to use a variation of your name, or a different given name in practice, you must complete, scan and upload your [request to add a given name used in practice](#) to the Register.

Click the “Next” button to save the information and move to the next step.

Language fluency

The CMRITO registration regulation requires that applicants be able to speak and write English or French with reasonable fluency.

You will be required to answer the questions below:

1. Are you able to speak and write reasonably fluently in English so that you can offer professional services to patients in that language?
2. Are you able to speak and write reasonably fluently in French so that you can offer professional services to patients in that language?
3. Would you prefer to receive documentation and services from the College in English or French?

Click the “Next” button to save the information and move to the next step.

Registrations in other jurisdictions

You are required to provide information for all jurisdictions where you are currently registered to practise as a medical radiation and imaging technologist, or another healthcare professional in another province in Canada, a USA state or another country.

Click on the “Add Registration” button and provide the information. You can upload a copy of your license or registration card in the space at the bottom of the page.

Click the “Next” button to save the information and move to the next step.

Approved educational program in medical radiation and imaging technology

You must provide evidence of having successfully completed an educational program in your specialty of medical radiation and imaging technology which is approved by the CMRITO Council. Click [here](#) for a list of the approved programs.

If you completed a program in your specialty which is not an approved accredited program, contact the CMRITO at registration@cmrito.org for further information.

You can click "Add" to provide information on the program you have completed or are currently completing.

If you have already successfully completed one of the CMRITO approved programs, you must provide confirmation by scanning and uploading a copy of your Degree, Diploma or Certificate, and a copy of your transcript of marks in the space at the bottom of the page or you can request the Program Director of your program to email confirmation that you have successfully completed the program directly to registration@cmrito.org.

Approved examination

Applicants must successfully complete either the examination set by the Canadian Association of Medical Radiation Technologists (CAMRT), or the examination set by the Ordre des technologues en imagerie médicale en radiooncologie et en électrophysiologie médicale du Québec (OTIMROEPMQ), or the examination(s) set by Sonography Canada which are the examinations approved by the CMRITO Council.

You must provide evidence of the successful completion of your examination by uploading a letter or transcript from the CAMRT or OTIMROEPMQ or Sonography Canada confirming the successful completion of the examination(s) in your specialty of medical radiation and imaging technology.

Click the “Next” button to save the information and move to the next step.

Currency of practice or program completion

You must provide evidence of your employment history as a medical radiation and imaging technologist in your specialty for the past five years. You will be required to enter information on each place of practice where you have practised in the last five years.

If you have not been employed as a medical radiation and imaging technologist in your specialty but have completed your educational program in medical radiation and imaging technology within the last five years, please select the box on the page.

If it has been over five years since you were last employed as a medical radiation and imaging technologist in your specialty, provide information from your most recent place of employment.

Practice includes not only the delivery of clinical services, but also the functions of education, management, research and administration.

Click the “Next” button to save the information and move to the next step.

Competent practice

The CMRITO registration regulation requires that you demonstrate your competence to practise as a medical radiation and imaging technologist in your specialty.

If you have been employed as a medical radiation and imaging technologist in your specialty in the last five years, you must complete a Certificate Respecting Clinical Practice (see Appendix A) for your specialty. Click on the link and select the form(s) for your specialty, complete it and upload it in the space at the bottom of the page.

You must sign the validation of applicant section of the Certificate Respecting Clinical Practice to state that the information is true, and you must have your last or current direct clinical supervisor sign the Validation of Clinical Supervisor section of the Certificate Respecting Clinical Practice. Your direct supervisor should be someone who has supervised your practice on a daily basis – either a medical radiation and imaging technologist who practises in your specialty, a radiologist, a cardiologist or a radiation oncologist.

If it has been over five years since you were engaged in practice in your specialty of medical radiation and imaging technology, complete the form using the most recent place of employment. You may be required to complete retraining before being eligible to register. Please email the registration department at registration@cmrito.org.

If you have completed a program in your specialty within the last 5 years and have not engaged in practice in your specialty click next to move to the next step of the application.

Click the “Next” button to save the information and move to the next step.

Jurisprudence course

You are required to successfully complete a course in jurisprudence set or approved by the College. For this purpose, you must complete the CMRITO Legislation Learning Package and review the appropriate statutes, regulations, policies and guidelines which relate to the practice of the profession generally and to the specialty for which you are applying.

As the system needs 24 hours to register you for the course, access to the course will only be available 24 hours after you start your application. When you sign back into your portal, you will see a tab on the left side of your profile "Jurisprudence Quiz". This tab will take you to the jurisprudence course and quiz. Once you have completed the Jurisprudence Course, save a copy of the Certificate of Completion for your records and upload a copy to your online application in the appropriate step.

Click the “Next” button to save the information and move to the next step.

Declaration of conduct

The CMRITO registration regulation has a number of requirements regarding the past and present conduct of the applicant. Your past and present conduct must afford reasonable grounds for the belief that you:

1. will practise the profession with decency, honesty and integrity, and in accordance with the law,
2. do not have any physical or mental condition or disorder that could affect your ability to practise the profession in a safe manner, and
3. will display an appropriate professional attitude.

You will be required to answer the questions in this section by indicating the true answer. Knowingly giving a false answer to any question is grounds for refusal of the application by the Registration Committee and is an offence under s. 92 of the Health Professions Procedural Code (Schedule 2 of the *Regulated Health Professions Act, 1991*). Any false or misleading statement, representation or declaration in or in connection with your application, by commission or omission, is cause for revocation of any certificate of registration that may be issued to you by the CMRITO.

If you answer “Yes” to any of the questions, you must provide a detailed explanation in the space provided in the online page and upload all relevant documents in your possession. If you do not have these documents at the time you submit your application online, you will need to email them to registration@cmrito.org. If you answer “No” to any of the questions at the time of application, but the circumstances change before you are issued a certificate of registration, you must immediately inform the Registrar of the change of circumstances.

The questions you are required to answer are as follows:

1. Have you been found guilty of a criminal offence or of any offence related to the regulation of the practice of the profession?

An offence is a breach of law that is prosecuted in a court. This includes all findings or admissions of guilt, including but not limited to offences under the Criminal Code, the *Health Insurance Act* and other federal and provincial laws. You are required to report all findings or admissions of guilt, including those made in other jurisdictions and those for which you may have received a pardon.

2. Are you the subject of a current investigation involving an allegation of professional misconduct, incompetency or incapacity in Ontario in relation to another health profession, or in another jurisdiction in relation to the profession or another health profession?

3. Have you been the subject of a finding of professional misconduct, incompetency or incapacity in relation to the profession or another health profession, either in Ontario or in another jurisdiction?
4. Are you currently the subject of a proceeding involving an allegation of professional misconduct, incompetency or incapacity in relation to the profession or another health profession, either in Ontario or in another jurisdiction?
5. Has a finding of professional negligence or malpractice been made against you?
6. Do you have any physical or mental condition or disorder that could affect your ability to practise the profession in a safe manner?

Note: If you answer “Yes” to question 6, you must provide a detailed explanation and arrange for your treating physician(s) and/or other health professional(s) to send directly to the CMRITO at registration@cmrito.org a report on your condition or disorder setting out your diagnosis, course of treatment, current health and prognosis. Where appropriate, this report should indicate any accommodation(s) that your physician and/or health professional believes is necessary in order for you to practise in a safe manner.

7. Is there any event, circumstance, condition or matter not disclosed in your answers to the preceding questions in respect of your character, conduct, competence or capacity that is relevant to the requirement set out above regarding your past and present conduct (refer to paragraphs 1, 2, and 3 above)?

Click the “Next” button to save the information and move to the next step.

Review application summary

The next step in the online application process is to review all the information you have provided in your application to check that the information is accurate and that your application is complete. If you need to make any corrections to the information you have provided, or upload any supporting documents at a later time, click on the steps on the left. You may wish to take this opportunity to print this page to have a paper record of the information you have provided.

Once you have submitted and paid the application fee for your application for registration, you cannot change the information you have provided. You can however access your completed application in the “**Applications**” section of your CMRITO profile to view your application. If you have any additional documentation you want to provide at a later time, and you have already paid and submitted your application, you must email registration@cmrito.org to have the information added to your application.

Declarations and signature

You will be required to check all the boxes on the page for the questions below, for the purposes of agreeing to the following declarations. You will also be required to check the box next to your name for the purposes of dating and signing your application for registration.

- I certify that all the information in this application and related documents is true.
- I acknowledge and understand that any false or misleading statement, representation or declaration in or in connection with my application, by commission or omission, is cause for revocation of any certificate of registration that may be issued to me by the College of Medical Radiation and Imaging Technologists of Ontario.
- I also acknowledge and understand that the College of Medical Radiation and Imaging Technologists of Ontario collects, uses and discloses personal information about me for regulatory purposes in accordance with the *Regulated Health Professions Act, 1991* and the *Medical Radiation and Imaging Technology Act, 2017* and for the purposes described in the CMRITO's Privacy Code, including for the purpose of human resource planning and demographic, research and other studies.
- I authorize the College of Medical Radiation and Imaging Technologists of Ontario to contact any authority, institution, association, body or person in any jurisdiction to verify the statements in my application and related documents and authorize any such authority, institution, association, body or person to release to the CMRITO any information relevant to the information set out in this application and related documents.

When you are sure your application is complete, and the information is accurate, click the "Submit" button to submit your application to the CMRITO and pay your application fee.

Pay application fee

You can pay the application fee online by credit card or Interac payment. The application fee is a one-time fee of \$113.00 (\$100.00 fee, \$13.00 HST) and is non-refundable. Click "Process Payment" to pay your fee.

The receipt for your application fee will be available in the "Receipts" section of your CMRITO profile.

Confirmation of receipt of application

You will receive an email confirming receipt of your application, which will contain an application number. You will be able to check on the status of your application in the "**Applications**" section of your CMRITO Profile page.

CMRITO will review your application and determine whether or not you meet all the requirements for registration as set out in the registration regulation. The review process may take between one to seven business days to complete. If more information is required, or if your

application is referred to the Registration Committee for review, the CMRITO will notify you by email. That review process may take between one to four months to complete.

Next steps

CMRITO will review your application and the documentation you have provided. If more information is required, the CMRITO will notify you by email.

CMRITO will notify you by email if, and when you can complete the registration process and pay your registration fee. When you log into the MAP to finalize your registration you will see a notification on the Profile page. When you complete the registration process CMRITO will register you and your name and registration status will be updated on the [public register](#) on the CMRITO website. You can then inform your employer that you are legally authorized to practise as a medical radiation and imaging technologist in Ontario and you can start using the protected title “Medical Radiation and Imaging Technologist” and the abbreviation “MRIT” or the appropriate abbreviation for your specialty “MRT(R),” “MRT(N),” “MRT(T),” “MRT(MR)” or “DMS”.

Appendix A – Certificate respecting clinical practice

Application for certificate of registration in a specialty of medical radiation and imaging technology

Directions for Applicants

You must provide evidence of having been engaged in clinical practice in your specialty within the last five years. You must complete a certificate respecting clinical practice for the specialty for which you are applying. You must sign the “Validation of applicant” section to confirm that the information is true, and you must have your last or current direct clinical supervisor complete the “Validation of clinical supervisor” section. Your direct supervisor should be someone who has supervised your daily procedures - either another medical radiation and imaging technologist who practises in the applicant’s specialty, a radiologist, a cardiologist, a radiation oncologist or another physician. If it has been over five years since you were engaged in clinical practice in your specialty, contact the CMRITO. If you have never been employed as a medical radiation and imaging technologist, please indicate such.

This documentation is used to demonstrate your competence to practise as a medical radiation and imaging technologist in your specialty. Complete the list of procedures on the form for the specialty for which you are applying, indicating which procedures you have performed independently during the course of your most recent or current employment and the date you last performed those procedures.

When complete, upload this form to the Competent Practice section of your online application. Retain the original form in the event the CMRITO requests to review the form. Do not mail or fax the form to the CMRITO unless requested.

Directions for Supervisor

The applicant has applied to the College of Medical Radiation and Imaging Technologists of Ontario to be registered as a medical radiation and imaging technologist in Ontario. The “Validation of clinical supervisor” section of the Certificate Respecting Clinical practice is to be completed and signed by the applicant’s last or current clinical supervisor. The clinical supervisor should be someone who has supervised the applicant’s practice on a daily basis - either another medical radiation and imaging technologist who practises in the applicant’s specialty, a radiologist, a cardiologist, a radiation oncologist or another physician.

To assist the Registrar of the CMRITO in determining whether the applicant meets the requirements prescribed by the regulations, please review the attached Certificate Respecting Clinical practice. If the statements in the “Validation of clinical supervisor” section are true, please complete and sign the certificate.

Radiography

Certificate Respecting Clinical Practice

This documentation is used to demonstrate your competence to practise as a medical radiation and imaging technologist in your specialty of radiography.

Complete this form for your most recent or current place of employment. Your employment must have been within the last five years

Name of Applicant: _____
(please print)

Name of Employer: _____
(please print)

Identify the procedures you have performed independently in your employment as a medical radiation and imaging technologist in the specialty of radiography from the list below. Select only those that apply.

- Indicate the date each procedure was last performed (if applicable)
- You must complete the “Validation of applicant” section
- Your supervisor must complete the “Validation of clinical supervisor” section

Procedures	NA	Date last performed (MM/YY)
Skeletal system imaging		
Mammography		
Digestive system imaging		
Respiratory system imaging		
Computed tomography		
Mobile		
Surgical suite procedures (OR)		
Cardiovascular system imaging		
Interventional procedures		
Bone mineral densitometry		
Pediatric imaging

Magnetic Resonance

Certificate Respecting Clinical Practice

This documentation is used to demonstrate your competence to practise as a medical radiation and imaging technologist in your specialty of magnetic resonance.

Complete this form for your most recent or current place of employment. Your employment must have been within the last five years.

Name of Applicant: _____
(please print)

Name of Employer: _____
(please print)

Identify the procedures you have performed independently in your employment as a medical radiation and imaging technologist in the specialty of magnetic resonance from the list below. Select only those that apply.

- Indicate the date each procedure was last performed (if applicable)
- You must complete the “Validation of applicant” section
- Your supervisor must complete the “Validation of clinical supervisor” section

Procedures	NA	Date last performed (MM/YY)
Musculoskeletal imaging		
Head and neck imaging		
Spinal imaging		
Abdominal imaging		
Thorax imaging		
Pelvic imaging		
Vascular imaging		
Cardiac imaging		
Other Procedures	NA	Date last performed (MM/YY)
Screen patients for contraindications, foreign objects..etc		
Equipment quality control		
Apply MR safety practices		
Maintain infection control practices		
Administer contrast media by injection		
Post processing		
RIS/PACS		
Interventional procedures		
Breast imaging		

Validation of applicant:

“I hereby certify that I have been trained to perform, am competent to perform and performed in my employment the specific procedures set out above, within the time frame indicated”.

Applicant signature

Date signed (mm/dd/yyyy)

Diagnostic Medical Sonography

Certificate Respecting Clinical Practice

This documentation is used to demonstrate your competence to practise as a medical radiation and imaging technologist in your specialty of diagnostic medical sonography.

Complete this form for your most recent or current place of employment. Your employment must have been within the last five years.

Name of Applicant: _____
(please print)

Name of Employer: _____
(please print)

Identify the procedures you have performed independently in your employment as a medical radiation and imaging technologist in the specialty of diagnostic medical sonography from the list below. Select only those that apply.

- Indicate the date each procedure was last performed (if applicable)
- You must complete the “Validation of applicant” section
- Your supervisor must complete the “Validation of clinical supervisor” section

Procedures	N/A	Date last performed (MM/YY)
General		
Obstetrical		
Gynecological		
Interventional procedures		
Male pelvis		
Abdomen		
Chest (excludes cardiac)		
Breast		
Superficial structures		
Musculoskeletal (MSK)		
Vascular general (lower extremity for DVT)		
Vascular		
Extracranial arteries		
Abdominal vasculature (arterial and venous studies)		
Upper extremity (arterial and venous studies)		
Lower extremity (arterial and venous studies)		
Photoplethysmography		
Interventional procedures		
Arterial pressure testing		
Vascular exercise testing		

Procedures	N/A	Date last performed (MM/YY)
Cardiac		
Paediatric heart		
Adult heart		
Stress echocardiography		
Interventional procedures		
Other		
Infection control procedures		
Transducer cleaning and reprocessing procedures		
Equipment quality control		
Insertion of transvaginal transducer		
Insertion of transrectal transducer		
Administer contrast media by injection		
RIS/ PACS
